Hourly Service Fee & Custom Installations ⁵	N/A	\$80/Per Hour/Per Technician	1 Hour minimum plus cost of materials. Site review after-hours/overtime charges may apply.
Payment Grace Period	N/A – See Description	N/A	Payment must be received within 6 days of the due date to avoid service suspension and reactivation fee.

Residential Customer Rate Sheet

¹ These rates apply to services provided at a private residence and used in a residential manner, subject to Trailblazer Broadband Terms & Conditions. All rates are subject to change. Additional, applicable fees and taxes may apply to the rates provided. All service equipment is the property of Trailblazer Broadband. A Customer may not share or resell the service with or to other entities within the same residential premises, nor extend the Service beyond the Customer premises. Static IP addresses are not offered on residential services. Trailblazer Broadband Residential service is non-dedicated, symmetrical (same speed up and down) bandwidth. 1 Gbps is equal to 1,000 Mbps. Speeds are best-effort and not guaranteed. Fees, restrictions or deactivation of service may apply at Trailblazer Broadband's sole discretion for abusive usage. Good standing means compliance with all explicit obligations as stated herein and according to the Terms and Conditions of Trailblazer Broadband

² Activation of internet service. This includes a standard installation of internet services only which will follow the electric service path to the premise and the simplest entry method inside the premise near an electric outlet in a climate controlled space. Standard installs include hardware with ethernet ports to connect devices. TV and phone service must be purchased separately. Customers who do not keep their service for at least 30 days after the install takes place, forfeit their first month's service fee. Customer or a designated representative who may sign on the customer's behalf must be present at the time of installation to authorize fiber and equipment location. Additional fees will apply for rescheduling or post-installation changes.

³ The Mountaineer Package Discount is the lowest price available to residential customers who subscribe within 90 days of email notification of service availability. The Account must stay in good standing by making on-time continuous monthly payments without service interruption for at least 6 months after signing up for service, failure to do so will result in an \$89.95 cancellation fee. Monthly service charges will not be prorated. Fees, restrictions, or deactivation of service may apply at Trailblazer Broadband's sole discretion for abusive usage.

If an existing Mountaineer Package subscriber moves within an activated service area, the subscriber may transfer service to the new location at the time service is discontinued from the previous location. The activation fee will apply. If the new location does not yet have Trailblazer Broadband available, the customer must subscribe within 90 days of email notification of service availability.

For newly developed residences, the customer must subscribe within 90 days of putting Estes Park utility services (i.e., electric and or water) in their name. For new residents moving into a service available area, the customer must subscribe within 90 days of establishing Estes Park Utilities at the new address.

⁴ With Whole Home Managed WiFi our technicians will provide and setup up a high performance wireless device beautifully designed to be out in plain sight. Whole Home

Managed WiFi includes an easy-to-use smartphone application for monitoring and improving subscriber network performance and remote IT support from Trailblazer Broadband. Whole Home Managed WiFi is included at no charge with the Mountaineer and Trekker Packages. Standard Package charges apply.

⁵ Custom install charges apply for work beyond a standard installation. Standard installs include exterior fiber installation that follows the electric service path to the premise and the simplest entry method inside the premise near an electric outlet in a climate controlled space.

Custom install hourly rate recovers the cost of technicians and vehicle (1 hour minimum). Materials costs are recovered at the per foot of additional interior fiber cable installed. Site review and rescheduled installation charges may apply. After-hours/overtime charges may apply. All Custom Installations are subject to payment prior to completion of the installation.

⁶ Seasonal hold provides 6 Mbps service. An activation fee of \$89.95 is required to implement seasonal hold service prior to 12 consecutive months as a customer in good standing. Autopay is required. The minimum hold period is one (1) month and the maximum is six (6) months. The hold can only be activated once every 12 months.

- The hold period will start on the first of the month and the activation fee will be due at that time. **Service will be reactivated on the first day of the designated month upon return.**
- Allow up to 3 business days to turn full service back on; you can change the end date of your hold period up to one business day prior to the initial scheduled end date, without exceeding the **SIX** month maximum.
- On your scheduled return date, your services will resume without the need to schedule a new installation or service visit. Also, your pre-hold options and rates will be restored to your account.
- Whole Home Managed WiFi and technical support will be suspended while on seasonal hold and all equipment will remain on premise.
- Seasonal hold may not be available for all services.
- Your account must remain in good standing during the vacation hold period. Good standing means you have complied with all explicit obligations.

⁷ Packages include all terms and conditions as stated in the internet service package selected. Nokia Beacon(s) for use with Mesh Networking are high performance devices designed to optimize the Whole Home WiFi experience. The \$25 one time activation per beacon is only good at the time of the scheduled installation. After installation, a one time activation fee of \$35 per beacon will apply. Standard monthly service charges apply.
